

## RECREATIONAL SOCCER PROGRAMS

Whether your child is just starting out or has been playing for several years, Recreational Soccer may be the right program for your family. Our league has two seasons each year (fall and spring) for a variety of ages from first grade through eighth grade. This program focuses on teaching age-appropriate fundamentals of soccer to our players, and can be a great way to let your child build other important skills such as a sense of teamwork as well as good sportsmanship. Many of our recreational players have progressed to travel and school teams after building their skills in the program.
